Q3 2025 Management Commentary

Letter to the supervisory board

Trading in Q3 2025 developed in line with the restated plan. Net revenue reached EUR 20.56 million, with the gross result at EUR 12.06 million and an adjusted operating result of EUR 5.11 million.

Customer sentiment strengthened again: the group-wide net promoter score came in at 41 for the quarter, and the gross renewal rate held at 91.8% across the installed base.

Delivery efficiency improved. The median onboarding cycle for new enterprise customers was 35 days, and the certified implementation partner network grew to 81 partners at quarter end.

The workforce closed at 214 full-time equivalents, supported by 26 external contract staff.
